follow along with project updates on the City website here:

In Partnership with: MSA Professional Services, Inc.

To: Residents of the Lac La Belle Lake Management District

Re: City of Oconomowoc- Lac La Belle Boat Launch and Parking Area Redevelopment Project

The Lac La Belle Boat Launch and Parking Facility Redevelopment Project, located at City Beach in the City of Oconomowoc, is scheduled to begin September 3, 2024. The extreme use over the years has necessitated improvements to better serve its users and promote better site safety. This project has been planned for several years and involves the collaboration between the City of Oconomowoc, Lac La Belle Lake Management District, Town of Oconomowoc and Village of Lac La Belle. This is the only public launch site on Lac La Belle.

During construction, several key dates are important for everyone to know. Included with this letter is a visual of the project that includes the following critical dates:

- **August 5, 2024:** Project site work begins.
- **September 3, 2024:** Marina closed for boat mooring residents.
- **September 3- October 1, 2024:** Dredging of launch area will take place.
- **October 2, 2024 – May 1, 2025:** Boat Launch closed to the public

Due to the Launch closing on October 2, it is critical that all aspects of your winter preparations happen between September 3 and October 1. This means all boats, docks and lifts that require the use of the launch be removed from the lake by the end of the day on October 1, 2024.

To aid in this effort, boat launch users are asked to schedule their removal date by registering online. **This is very important to provide for the orderly removal of boats.** This process will start on Monday, August 5. To register, go to <https://oconomowoc.recdesk.com/Community/Program>

Once on this page, check the box for Waterfront Programs and then Water Activities. You can then click the time and date you wish to reserve your launch use time. It is recommended that you schedule to remove your boats, piers and lifts as soon as possible.

Three public meetings have been scheduled to provide details of this registration process and answer any questions you may have. All the meetings will take place on the second floor of the Oconomowoc Community Center, 220 West Wisconsin Avenue. Because of the anticipated large number of people this involves, we scheduled one night or each of the three municipal entities. If you are not able to attend the meeting for your municipality, you may attend one of the others.

- **Tuesday, July 30, 2024 6-7pm:** City of Oconomowoc residents
- **Wednesday, July 31, 2024 6-7pm:** Town of Oconomowoc residents
- **Thursday, August 1, 2024 6-7pm:** Village of Lac La Belle residents

Thank you for your time and consideration for this important project.

Should you have any questions or concerns, contact us at 262-569-2122 or follow the project on our City Website at www.oconomowoc-wi.gov

Sincerely,

Eric Boettcher
Parks, Recreation and Forestry Director
